

# KUSH BHARDWAJ

Fremont, CA, 94536

📞 202-957-9061    🌐 [kushbhardwaj.com](https://kushbhardwaj.com)    ✉ [kush@kushbhardwaj.com](mailto:kush@kushbhardwaj.com)  
🌐 [linkedin.com/in/kushbhardwaj](https://linkedin.com/in/kushbhardwaj)    🐙 [github.com/kushbhardwaj0](https://github.com/kushbhardwaj0)

## Education

**University Of Illinois Urbana-Champaign - GPA: 3.83**

**August 2024 - May 2027**

*B.S. in Computer Science + Linguistics*

*Double Major in Brain and Cognitive Science, minor in Data Science*

## Relevant Coursework

- CS 427 - Software Engineering
- CS 440 - Artificial Intelligence
- CS 447 - Natural Language Processing
- CS 340 - Computer Systems
- CS 374 - Algorithms & Models of Computation
- CS 225 - Data Structures
- PSYC 496 - LLMS and Human Cognition
- MATH 257 - LinAlg w/ Computational Applications

## Work Experience

**CVS Health - Software Engineer Intern**

**May 2026 – August 2026**

- Architect and deploy an enterprise AI-driven agentic platform to production, streamlining software development for applications. Followed DevOps and CI/CD practices, and developed comprehensive tests and version control with Git
- Design an enterprise-facing intelligent document processing (IDP) solution utilizing artificial intelligence, Optical Character Recognition (OCR), and machine learning to automate high-volume claim workflows
- Lead API and database modernization using low-latency parallel execution to maximize backend throughput

**UC Berkeley Artificial Intelligence Research Lab - Student Researcher**

**June 2023 – Present**

- Co-authored research developing a multi-agent NLP translation framework for low-resource classical languages, designing register-aware discourse restoration and automated quality evaluation pipelines.
- Engineered an end-to-end data processing infrastructure to extract, clean, and annotate tens of thousands of multilingual parallel segments for LLM benchmarking and fine-tuning.

**UIUC Statistical Speech Technologies Lab - Undergraduate Research Assistant**

**September 2025 – Present**

- Co-organized the Speech Accessibility Project Challenge, accepted as an official NeurIPS Competition; engineered data preprocessing pipelines, benchmark evaluation metrics, and secure multi-institutional data release protocols.

**University of Illinois Deseret Consortium - Research Intern**

**January 2025 – Present**

- Developed hundreds of corpora of Deseret materials, ensuring precision and consistency across linguistic datasets
- Contributed to the design of Optical Character Recognition tools, enhancing accessibility and research capabilities for the Deseret Alphabet while collaborating with faculty to align with project objectives

## Projects

**SafeShelf – 1st Place Winner, CVS Intern Innovation Challenge**

**July 2026**

- Led a 7-person team to win 1st place out of 250+ interns across CVS Health, pitching a conceptual in-aisle drug interaction checking solution to executive leadership.
- Designed the proposed backend system architecture and data pipeline to integrate barcode scanning, Caremark Rx records, First Databank (FDB) databases, and Beers Criteria risk flags.

**AI-Powered Content Creation and Social Media Automation**

**August 2024 - Present**

- Deployed and maintained an automated AI-driven pipeline to scrape large social media datasets, fine-tune a custom language model, integrate with self-automated video creation, and publish highly engaging multimedia content

## Technical Skills

**Languages/Skills:** C++, Python, C, Swift, & Java. Certified in DevOps, Containerization, SDLC, API Development

**Developer Tools:** XCode, VSCode, GitHub, Google AI Studio, Pytorch, various AI frameworks

## Leadership

**SigNLL Lead:** Lead workshops and projects related to LLM creation, fine-tuning, and NLP topics

**MNC Co-Director:** Leading and managing staff to facilitate the Midwest's largest upcoming Neurotechnology conference

**Tour Guide:** Lead dynamic campus tours and manage admissions inquiries for prospective and admitted students

## Activities

**Association for Computing Machinery @ UIUC - Executive Member**

**2024 - Present**

- Member of Mobile Development, Natural Language Processing, and AI/DS branches

**NeurotechX @ UIUC - CortexCodec Member**

**2025 - Present**

- Designed and implemented an AI model predicting mood from EEG data within a research setting
- Presented findings at the Undergraduate Research Symposium
